

PROGRAM CFCD2025

" Unveiling the future of Dendritic Cell and Macrophage biology in health and disease"

December 4th – 5th 2025, Institut Curie, Paris, France

Thursday December 4th, 2025

8:00 Opening of the registration desk
8:45 Welcome address

9:00-10:00 KEYNOTE LECTURE I

Dan R. LITTMAN (New York University, New York, USA)
Towards targeting unique dendritic cell functions

SESSION I – Emerging Dendritic Cell lineages

10:00-10:30 **Chrysothemis BROWN** (MSKCC, New York, USA)
Thetis cell ontogeny, transcriptional regulation and function

10:30-11:00 **Felipe PEREIRA** (Lund University, Lund, Sweden)
DC lineage programming

11:00-11:30 Coffee Break

11:30-12:00 **Simon YONA** (The Hebrew University of Jerusalem, Israel)
Human Dendritic cells kinetics

12:00-12:45 **Selected oral presentations**
12:15. Abstract to be selected
12:30. Abstract to be selected
12:45. Abstract to be selected

12:45-13:15 2 Sponsors Lunch talks

13:15-15:00 LUNCH and Poster viewing

SESSION II – Dendritic Cells and macrophages in tissues

15:00-15:30 **Emmanuel GAUTIER** (Sorbonne Université, Paris, France)
DCs and macrophages in the liver

15:30-16:00 **Andreas SCHLITZER** (LIMES - Institut, Bonn University, Bonn, Germany)
DCs and macrophages in the lung

16:00-16:30 **Elena TOMASELLO** (CIML, Marseille, France)
Plasmacytoid DCs

16:30-17:00 Coffee Break

17:00-17:30 **Marc BAJENOFF** (Centre d'Immunology Marseille Luminy (CIML), Marseille, France)
Macrophages and their tissue niche

17:30-18:15 **Selected oral presentations**
17:05 Abstract to be selected
17:20 Abstract to be selected
17:50 Abstract to be selected

18:15 Cocktail

20:00 Speaker Dinner

9:00-10:00 KEYNOTE LECTURE II

Yasmine BELKAID (Institut Pasteur, Paris, France)
Dendritic cells and Endogenous Retro Viruses

SESSION III – Metabolism and Cellular biology of Dendritic Cells and macrophages

10:00-10:30 **Federica BENVENUTI** (ICGEB, Trieste, Italy)
Antigenic presentation in tumors

10:30-11:00 **Gaëtan BARBET** (Rutgers University, New Brunswick, USA)
Antigenic presentation by DCs

11:00-11:30 Coffee Break

11:30-12:00 **Johan GARAUDE** (Immunoconcept, Bordeaux, France)
Macrophages, bacteria and metabolism

12:00-12:45 **Selected oral presentations**
11:55 Abstract to be selected
12:10 Abstract to be selected
12:25 Abstract to be selected

12:45-13:15 2 Sponsors Lunch talks

13:10-15:00 LUNCH and Poster viewing

SESSION IV – Dendritic Cells and macrophages in Cancer and Inflammation

15:00-15:30 **Evangelos GIAMPAZOLIAS** (Cancer Research UK, Manchester, UK)
Microbiota and Immunotherapy

15:30-16:00 **Joël HAAS** (Institut Pasteur de Lille, Lille, France)
Dendritic cells and hepatic disease

16:00-16:30 **Mariola KUROWSKA-STOLARSKA** (University of Glasgow, Glasgow, UK)
DCs in rheumatoid arthritis

16:30-17:00 Coffee Break

17:00-17:30 **Damya LAOUI** (VIB Center for Inflammation Research, Ghent, Belgium)
cDC2 heterogeneity in tumors

17:30-18:15 **Selected oral presentations**
17:30 Abstract to be selected
17:45 Abstract to be selected
18:00 Abstract to be selected

18:00 Award ceremony and concluding remarks

18:15 End of the meeting

Friday December 5th, 2025
